

# GKX-1

Buttons of the **GKX-1** button pad have pictograms on them that represent: full arming, night arming, disarming, and control (horizontal and vertical direction). This makes it easier to remember individual functions called from the **APT-200**, **MPT-300**, **MPT-350** remote control keyfobs.

- range of use: **APT-200**, **MPT-300**, **MPT-350** keyfobs
- pictograms:
  - full arm
  - night arm
  - disarm
  - control – horizontal direction
  - control – vertical direction
